 [National crop conditions for selected States are weighted based on 2013 planted acreage]

State	Very poor	Poor	Fair	Good	Excellent
	percent				
Alabama	-	-	31	63	6
Florida	-	1	15	82	2
Georgia	-	3	28	56	13
North Carolina	-	1	17	71	11
Oklahoma	-	-	39	54	7
South Carolina	-	1	24	66	9
Texas	1	9	30	53	7
Virginia	-	-	3	89	8
8 States	-	3	26	62	9
Previous week	-	3	26	62	9
Previous year	1	3	28	58	10

Alabama: 93% Peanuts planted. Mornroe County, 'peanuts that were planted look good'.

Florida: Peanut pegging was slightly ahead of the previous year and the 5-year average.

Georgia: Mitchell County, peanuts are now growing well.

North Carolina: The state received widespread rainfall. Peanuts pegging at 30%.

Oklahoma: Peanut condition was rated 93 percent good to fair, 89 percent had of the crop had emerged and 13 percent was pegging by Sunday.

South Carolina: The State average rainfall for the seven-day period was 0.2 inches. Peanuts pegging at 48%.

Texas: Peanuts made good progress in the Southern High Plains.

Virginia: Virginia received some scattered showers towards the end of the week, which brought relief to the planted crops. For the parts of Virginia that missed the recent rainstorms, dry conditions were a concern. Surry County, 'peanuts are growing well'.
